### NOTES ON INTERIM CONDENSED FINANCIAL STATEMENTS

### 1. GENERAL INFORMATION ABOUT THE COMPANY

TRASTOR REAL ESTATE INVESTMENT COMPANY, formerly PIRAEUS REAL ESTATE INVESTMENT COMPANY (referred to as "the Company"), operates having as a single objective the management of an investment property portfolio in accordance with Law 2778/1999 and Codified Law 2190/1920. The main activity of the Company is to lease properties under operating lease agreements.

The Company operates in Greece and its registered office is located in Athens (116, Kifissias Ave and 1, Davaki Street).

The Company's shares are traded on the Athens Stock Exchange.

The consolidated statements of the Group incorporate the financial statements of its subsidiary "REMBO S.A." by means of full consolidation. "REMBO S.A." was acquired by 100% on 08.12.2009. Its main objective is property investment, it operates in Greece and its registered office is located in Athens (116 Kifissias Ave and 1 Davaki Street).

The present financial statements were approved by the Company's Board of Directors on 27 April 2011.

The interim condensed financial statements of the Company are incorporated, using the method of equity, in the consolidated financial statements of the following companies: a) "PASAL DEVELOPMENT S.A." listed on the ASE and domiciled in Greece, which owns 37.08% of the share capital of the Company and b) "PIRAEUS BANK S.A." listed on the ASE and domiciled in Greece, which owns 33.80% of the share capital of the Company.

### 2. GENERAL ACCOUNTING POLICIES OF THE GROUP

The same accounting policies and methods of computation as those in the annual financial statements for the year ended 31 December 2010 have been followed.

### 2.1 Basis of preparation of the interim condensed financial statements

The interim condensed financial statements for the period ended 31 March 2011 have been prepared in accordance with the International Accounting Standard (IAS) 34 "Interim Financial Reporting" and should be read along with the Group's annual financial statements for the year ended 31 December 2010, which were compiled on the basis of the International Accounting Standards.

### 2.2 New accounting standards and interpretations issued by the IFRIC

**New standards, amendments to standards and interpretations**: certain new standards, amendments to standards and interpretations have been issued that are mandatory for accounting periods beginning during the current accounting period or later. The Group evaluates the effect of these new standards, amendments and interpretations as follows.

Standards and Interpretations effective for the current financial year

### IAS 24 (Amendment) "Related Party Disclosures"

This amendment attempts to relax disclosures of transactions between government-related entities and clarify related-party definition. More specifically, it removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities, clarifies and simplifies the definition of a related party and requires the disclosure not only of the relationships, transactions and outstanding balances between related parties, but of commitments as well in both the consolidated and the individual financial statements. This amendment does not apply to the Group.

### IAS 32 (Amendment) "Financial Instruments: Presentation"

This amendment clarifies how certain rights issues should be classified. In particular, based on this amendment, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the entity offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments. This amendment is not expected to impact the Group's financial statements.

### IFRIC 19 "Extinguishing Financial Liabilities with Equity Instruments"

This interpretation addresses the accounting by the entity that issues equity instruments to a creditor in order to settle, in full or in part, a financial liability. This interpretation is not relevant to the Group.

Standards and Interpretations effective from 1 January 2012 or later

## IFRIC 14 (Amendment) "The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction"

The amendments apply in limited circumstances: when an entity is subject to minimum funding requirements and makes an early payment of contributions to cover those requirements. The amendments permit such an entity to treat the benefit of such an early payment as an asset. This interpretation is not relevant to the Group.

Amounts in Euro (unless otherwise stated)

**IFRS 9 "Financial Instruments"** (effective for annual periods beginning on or after 1 January 2013) IFRS 9 is the first part of Phase 1 of the Board's project to replace IAS 39 and applies to the classification and measurement of financial assets and financial liabilities. The IASB intends to expand IFRS 9 in subsequent phases in order to add new requirements for impairment and hedge accounting. The Group is currently investigating the impact of IFRS 9 on its financial statements. The Group cannot currently early adopt IFRS 9 as it has not been endorsed by the EU. Only once approved will the Group decide if IFRS 9 will be adopted prior to 1 January 2013.

### IAS 12 (Amendment) "Income Taxes" (effective for annual periods beginning on or after 1 January 2012)

The amendment to IAS 12 provides a practical approach for measuring deferred tax liabilities and deferred tax assets when investment property is measured using the fair value model in IAS 40 "Investment Property". This amendment has not yet been endorsed by the EU.

# IFRS 7 (Amendment) "Financial Instruments: Disclosures" – transfers of financial assets (effective for annual periods beginning on or after 1 July 2011)

This amendment sets out disclosure requirements for transferred financial assets not derecognised in their entirety as well as on transferred financial assets derecognised in their entirety but in which the reporting entity has continuing involvement. It also provides guidance on applying the disclosure requirements. This amendment has not yet been endorsed by the EU.

### 3. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including future events expected to occur under the current circumstances.

The Group makes estimates and assumptions concerning future events. The resulting amounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next fiscal year are stated below:

#### 3.1 Key accounting estimates and assumptions

### a) Estimate of fair value of investment properties

The best evidence of fair value is current prices in an active market for similar lease and other contracts. In the absence of such information, the Company determines the amount within the range of reasonable fair value estimates, on the basis of the advice provided by independent surveyors.

In making its judgement, the Group considers information from a variety of sources including:

- (i) Current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences.
- (ii) Current prices of similar properties in less active markets, adjusted so as to reflect any changes in economic conditions since the date of the transactions at those prices.
- (iii) Discounted cash flows based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.

### b) Main assumptions of the Management to estimate fair value

In the absence of current or recent prices, the fair value of properties is determined by using discounted cash flow methods

The Group uses assumptions based mainly on prevailing market conditions at the date of the balance sheet. The main assumptions that support Management's estimates as for the determination of the fair value are those related to the collection of contractual rents, expected future market rents, vacancy periods, maintenance expenses as well as appropriate discount rates. Those assessments are systematically compared with actual market data, Company transactions and announced market transactions.

Expected future rents are estimated on the basis of current market rents for similar properties in the same location and condition.

### 3.2 Substantial judgments of the Management for the application of accounting standards

### Classification of recently acquired properties as investment or owner-occupied properties.

The Group determines if a recently acquired property expected to be used as investment property should be initially treated as a tangible asset or as an investment property. In this framework, the Group takes into consideration the importance of the cash flows generated by the property regardless of the rest of the assets owned by the Group.

Amounts in Euro (unless otherwise stated)

### 4. BUSINESS SEGMENTS

The Group's business segments according to the origin of the income per property type are as follows:

- shops
- office spaces
- gas stations
- garages

The Company operates only in the Greek market and, hence, there is no breakdown by secondary business segments.

The breakdown of financial results, assets and liabilities per segment is as follows:

Loan obligations concern bond loans of its subsidiary, REMBO S.A. They are simple, non convertible, divided into common bearer bonds and have been issued in order to fund the acquisition of a property, over which a mortgage for the amount of €10.200.000,00 has been made. Interest payments take place every six months, with an interest rate based on the six month Euribor plus a spread.

### 11. INCOME TAX

The Company is subject to a tax rate calculated in accordance with Article 15 (8) of Law 3522/2006. The tax rate represents 10% of the key reference rate in force of the European Central Bank plus 1 percentage point and it is applied to the average 6-month investment properties plus cash at current prices. The same tax rate applies to REMBO S.A. since the date it has become subsidiary of the Company. Therefore, there are no temporary tax differences that would result in deferred tax liability. The amounts of € 52.880,97 for the Group and € 46.311,90 for the Company refer to a tax provision for the first quarter of 2011. In current liabilities the extraordinary tax contribution of the Group amounted to € 249.686.42 is shown, which is paid in instalments.

The Company has not been tax audited since the fiscal year 2006 and its subsidiary REMBO S.A. - which is the only company consolidated in the statements, has closed until fiscal year 2009 based on closing note L.3888/2010.
